COMMUNITY NOTES

Trustees will begin the work of setting the 2027 budget and will be hosling a workshop to begin more long term planning in the coming weeks.

Council is asking the community to share their thoughts on priorities for the Town with future development and planning in mind. If you have thoughts to share please email them to clerk@townofdinosaur.org or drop them off at the office and we will compile the thoughts to consider during the long term planning process.

Council has taken on the Hwy 40 sidewalk project and will share more as the project moves along.

THANK
YOU!

Thank you for your patience as we have navigated the corrections to the water billing errors so we can be sure we are correctly managing the water system and users for the town. We appreciate the time to work to get this right. We don't anticipate any additional issues but will give them our full attention if needed as well. Your patience is appreciated.
